## Showers leading to ice developing and some challenging travelling conditions on Thursday night and Friday morning.

### What to expect

- Some injuries from slips and falls on icy surfaces
- Probably some icy patches on some untreated roads, pavements and cycle paths

### Further details

Showers will continue this evening and overnight but drier, clearer spells will become more widespread towards dawn on Friday leading to surfaces falling below freezing. Showers will fall increasingly as rain to low levels, but will continue to fall as snow above around 250 metres where 1-3 cm is possible in a few places.
